

Peasedown St John
Primary School

Pupil Premium Strategy Statement

for

Peasedown St John Primary School

2023-2024

This statement details our school's use of Pupil Premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our Pupil Premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview:

Detail	Data
School name	Peasedown St John Primary School
Number of pupils in school	412
Proportion (%) of pupil premium eligible pupils	24% (100 pupils)
Academic year/years that our current pupil premium strategy plan covers	2023-2024 provisionally also 2024-2025
Date this statement was published	October 2023
Date on which it will be reviewed	September/October 2024
Statement authorised by	Ruth Noall Headteacher
Pupil Premium lead	Jenny Tombs
Pupil Premium Champion	Michelle Proudler
Governor / Trustee lead	Marina Feldman

Funding overview:

Detail	Amount
Pupil premium funding allocation this academic year	£149,865
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£149,865

Part A: Pupil Premium Strategy Plan

Statement of intent:

The school serves the village of Peasedown St John on the outskirts of Bath. The village has areas of significant deprivation alongside areas of relative affluence. Children at the school reflect this wide ranging socio-economic group with 24% of the pupils at the school being in receipt of the Pupil Premium grant. This is in line with the national average but above average compared to other schools in BANES.

The school acknowledges the research that shows that our Pupil Premium pupils are at risk of not achieving as well as their peers, in addition to being at greater risk of exclusion or having poor attendance. Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our Pupil Premium strategy is to support our Pupil Premium pupils to achieve that goal, including progress for those who are already high attainers. The grant will be used to support that academic progress whilst also supporting those pupils with wider challenges such as poor attendance or behaviour, which can impact on progress and outcomes.

High-quality teaching is at the heart of our approach, with a focus on areas in which Pupil Premium pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit all vulnerable pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-Pupil Premium pupils' attainment will be sustained and improved alongside progress for their Pupil Premium peers. Our focus is on supporting learning and attainment for each individual pupil through quality teaching and high expectations for all. Occasionally pupils require additional interventions or provision to help them keep up or catch up with learning. These are planned based on the individual child's need and are reviewed throughout the year by the class teacher in conjunction with the SENCO and school leaders. Provision is informed by pupil tracking data on attainment, attendance, behaviour, advice from outside agencies and other professionals, where appropriate, together with the views of the child's parents/carers. Pupils are not singled out, highlighted or treated differently as a result of their eligibility for Pupil Premium funding.

The school recognises that many children at the school are from low-income families who do not meet the benefits threshold for the Pupil Premium grant but face similar disadvantages and vulnerabilities and will therefore also benefit from the strategies outlined in this plan. The activity we have outlined in this statement is intended to support the needs of all our vulnerable pupils, regardless of whether they are in receipt of the PP grant or not. We consider 'vulnerable pupils' can include those who have a social worker, are young carers or receive support from our Education Welfare Officer.

Overall aims of our Pupil Premium Strategy are:

- To reduce the attainment gap between the school's Pupil Premium pupils and others nationally.
- To accelerate progress and therefore raise attainment of both Pupil Premium pupils and their peers, specifically in reading, writing and maths.
- To provide Pupil Premium children with a rich, varied curriculum with planned opportunities to develop SMSC
- To ensure Pupil Premium pupils are supported to take advantage of the school's full and varied extracurricular and Personal Development programme
- To provide nurture and other SEMH support to those pupils eligible for Pupil Premium and their families
- To provide support for children and their families with attendance and punctuality

Challenges/Barriers:

This details the key challenges to achievement that we have identified among our Pupil Premium pupils.

Challenge number	Detail of challenge						
1	Attendance lags behind 'all' pupils' attendance: Whole School Attendance 2022-2023:						
	Whole school	PP	SEN				
	94.7%	91.9%	92.7%				
2	31% of the PP pupils also have Special Educational Needs or Disabilities (Oct 23).						
	Whole school	PP	SEN	PP + SEN			
	412	100	89	31			
	100%	24%	22%	8%			
3	PP children often have lower starting points and this gap is not yet closed when they leave EYFS. Gaps are seen across all EYFS areas of learning. End of year GLD outcomes 2022-23 EYFS:						
	Year group	Cohort size	ALL % GLD	Number of PP	PP % GLD		
	Rec	49	78%	12	67%		
4	Writing attainment among PP pupils is below that of non-PP pupils and these pupils are making slower than expected progress in KS1 and LKS2 End of year outcomes 2022-23 in WRITING:						
	Year group	Cohort size	ALL % ARE	ALL progress	Number of PP	PP % ARE	PP progress
	6	60	77%	3.3	16	56%	3.6
	5	59	70%	3.3	19	42%	3.2
	4	65	65%	3.3	13	54%	2.9
	3	61	67%	2.8	18	44%	2.6
	2	60	70%	2.9	15	33%	2.9
	1	45	64%	1.7	16	44%	1.5

5

Disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers from Reception through to Year 6. Reading attainment among PP pupils is below that of non-PP pupils and these pupils are making slower than expected progress in most year groups.

2022-23 Phonics outcomes:

Year group	Cohort size	ALL % pass PSC	Number of PP	PP % pass PSC
1	44	77%	15	60%
2	16 retake	81%	7	86%
	60 cohort	98%	15	93%

End of year outcomes 2022-23 in READING:

Year group	Cohort size	ALL % ARE	ALL progress	Number of PP	PP % ARE	PP progress
6	60	60%	<i>see below</i>	16	19%	<i>see below</i>
5	59	79%	3.2	19	58%	3.2
4	65	77%	3.2	13	85%	2.8
3	61	75%	2.9	18	67%	2.9
2	60	77%	2.8	15	53%	2.7
1	45	73%	1.8	16	44%	1.8

KS2 SATs breakdown by key groups:

Progress of groups (adjusted)					Average Scaled Scores			
	Pupils	Reading	Writing	Maths		Pupils	Reading	Maths
All Pupils	58	-3.34	0.92	-1.47	All Pupils	59	101.68	102.39
Male	28	-4.18	3.14	-1.78	Male	28	101.61	103.32
Female	30	-2.55	3.81	-1.18	Female	31	101.74	101.55
Pupil Premium	13	-3.94	2.86	-0.46	Pupil Premium	14	95.43	97.00
Non Pupil Premium	45	-3.16	3.69	-1.77	Non Pupil Premium	45	103.62	104.07
SEN EHCP	2	-2.24	3.15	-3.19	SEN EHCP	2	90.00	89.00
SEN Support	7	-1.49	2.36	2.87	SEN Support	8	99.38	100.50
Not SEN	49	-3.65	3.69	-2.03	Not SEN	49	102.53	103.24
EAL	2	6.53	11.68	7.29	EAL	2	101.50	101.50
Non EAL	56	-3.69	3.20	-1.79	Non EAL	57	101.68	102.42
LAP	12	-0.99	3.77	2.45	LAP	12	94.25	96.67
MAP	25	-4.02	0.23	-2.63	MAP	25	100.16	100.96
HAP	21	-3.87	7.04	-2.33	HAP	21	107.95	108.33

NB: Pupil count is number of pupils included in progress measures

NB: Pupil count is number of pupils with scaled scores

6

Disadvantaged pupils generally have greater difficulties with mathematical automaticity than their peers. This negatively impacts their development as mathematicians from Reception through to Year 6. Mathematics attainment among PP pupils is below that of non-PP pupils. PP pupils are making progress at broadly the same rate as their non-PP peers, however this is not closing the gap as they require accelerated progress.

End of year outcomes 2022-23 in MATHS:

Year group	Cohort size	ALL % ARE	ALL progress	Number of PP	PP % ARE	PP progress
------------	-------------	-----------	--------------	--------------	----------	-------------

	6	60	68%	<i>see above</i>	16	31%	<i>see above</i>
	5	59	73%	3.3	19	53%	3.4
	4	65	82%	3.0	13	77%	3.1
	3	61	79%	3.0	18	61%	2.8
	2	60	85%	3.1	15	53%	2.9
	1	45	78%	1.9	16	56%	1.7
7	Limited vocabulary and poor ability to articulate learning orally limits outcomes across the curriculum for many PP pupils.						
8	PP pupils frequently show less resilience as learners, especially when in test situations or under pressure. Challenges faced by many pupils are an inability to reflect or respond to feedback, lack of motivation, inability to break down and understand targets and lack of aspiration and stamina to improve.						
9	PP children are over-represented among those with additional behaviour plans: 75% of our children with positive behaviour plans are PP, 12 out of 16 (Oct 2023) PP children are over-represented among those who are excluded: 100% of all exclusions in 2022-23 were PP pupils.						
10	Family tension, breakdown or local conflicts with other families feature significantly in the lives of a number of our vulnerable children.						
11	A large proportion of our vulnerable pupils have limited cultural capital. Challenges faced by many of our pupils are lack of access to high-quality reading books, lack of access to funds for trips, lack of access to IT beyond the classroom, limited access to wider cultural experiences and opportunities outside school.						

Intended outcomes:

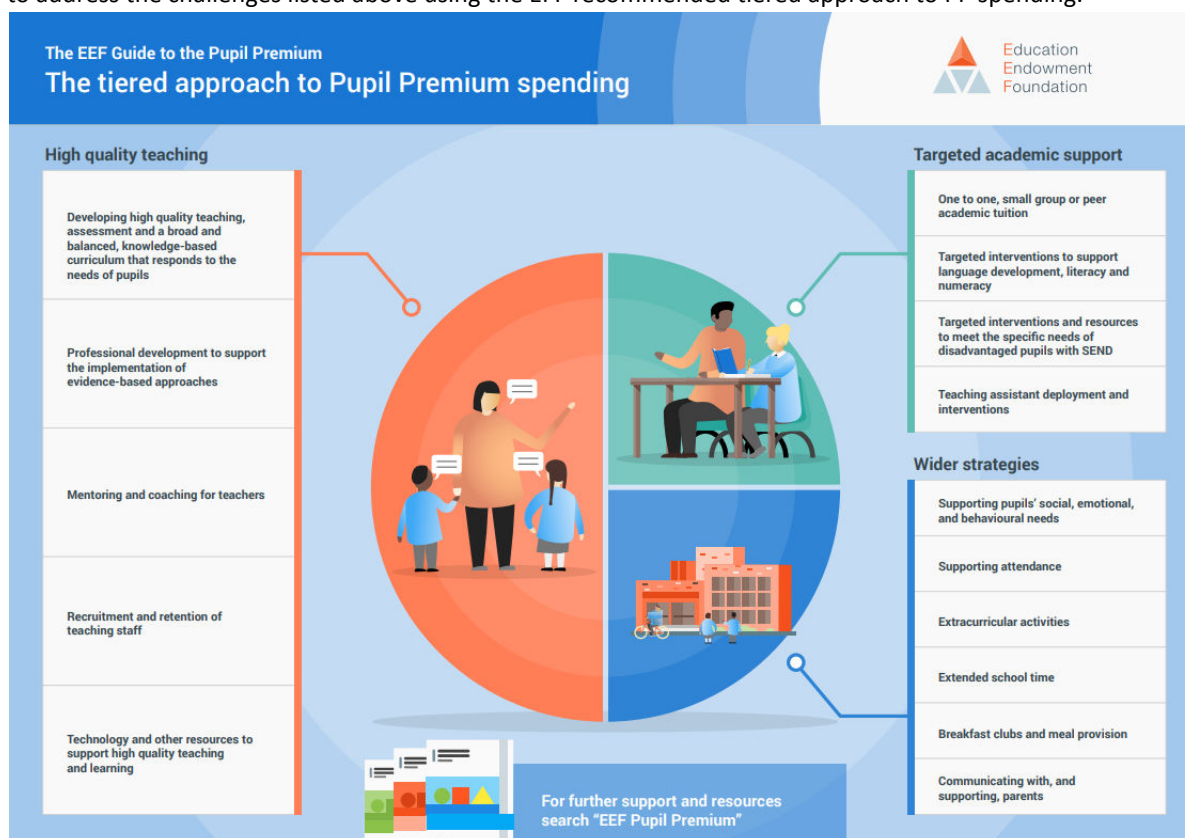

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and increased vocabulary among PP pupils.	Assessments and observations indicate significantly improved oral language and range of vocabulary. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment. PP pupils in the Early Years reach a Good Level of Development in Communication and Language and WellComm assessments show good progress.

Improved phonics attainment among PP pupils.	85% or more of Y1 non-SEND PP pupils meet the Phonics Screening Check threshold.
Improved reading progress and attainment among PP pupils.	PP children make accelerated progress in reading in all year-groups relative to their peers, closing the attainment gap to within 10 percentage points in every year-group. Accelerated Reading assessments show children are making accelerated progress as measured by reading age.
Improved writing progress and attainment among PP pupils.	PP children make accelerated progress in writing in all year-groups relative to their peers, closing the attainment gap to within 10 percentage points in every year-group.
Improved maths attainment for PP pupils at the end of KS2.	PP children make accelerated progress in mathematics in all year-groups relative to their peers, closing the attainment gap to within 10 percentage points in every year-group.
Improved retention, recall and response to learning for all pupils, especially those who are PP, closes knowledge gaps.	Assessments and observations indicate significantly improved retention, recall and response to learning in wider curriculum areas among PP pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny, pupil conferencing and ongoing formative assessment. When talking about their learning pupils are using and applying a wide range of vocabulary.
To achieve and sustain improved social and emotional wellbeing for all pupils in our school, particularly our PP pupils.	Sustained high levels of wellbeing demonstrated by: <ul style="list-style-type: none"> • qualitative data from student voice, student and parent surveys and teacher observations • a significant reduction in behaviour incidents • a significant increase in participation in enrichment activities, particularly among disadvantaged pupils
PP children with identified SEN needs receive appropriate support and assessments.	Accurate referrals and targeted interventions/signposting to other services is achieved. These pupils make good progress in all aspects of school, especially linked to SEND plans and targets.
To achieve and sustain improved behaviour and attendance for all pupils, particularly our PP pupils	Attendance for PP pupils is at least in line with school average. Exclusions reduce for all pupils. Behaviour incidents for PP pupils reduce and proportionately PP pupils will not be more likely to be involved in behaviour incidents than their non-PP peers.
PP children are able to access the full range of inspirational clubs and trips on offer to them	Children have participated in, and can talk enthusiastically about, their extra curricular clubs and academic trips.

Activity in this academic year:

This details how we intend to spend our Pupil Premium (and recovery premium funding) **this academic year** to address the challenges listed above using the EFF recommended tiered approach to PP spending.

High Quality Teaching

Budgeted cost: £86, 630

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Quality First Teaching strategies to include:</p> <ul style="list-style-type: none"> - PSJ Teaching Toolkit - carefully chosen seating - targeted questioning - priority marking - homework support - 1:1 feedback and conferencing 	<p>Great Teaching Toolkit (Evidence Based Education) and Rosenshines's Principles of Instruction underpin much of the PSJ Teaching Toolkit.</p> <p>The QFT strategies that we emphasis for PP support are based on evidence found in the EEF Teaching and Learning Toolkit:</p> <p>Feedback offers very high impact for very low cost (+4 months)</p> <p>Homework offers high impact for very low cost (+5 months)</p> <p>Attainment grouping offers moderate impact for low cost (+2)</p> <p>Mastery Learning as an approach to teaching can offer high impact for low cost (+5 months)</p>	All
Pupil Premium Profiles	PP Profiles allow teachers and the PP leaders to	All

Smaller class in Year 6	Creating small Year 6 classes allows the teachers to teach differently, with increased high quality interactions and minimising opportunities for pupils to be distracted. Whilst this is a costly approach, it is seen as a necessary approach this year (23/24) to support academic and social, emotion and behaviour challenges. Reducing class size (+2 months)	2, 3, 4, 5, 6, 7, 8, 9
Technology and resources to support high quality teaching and learning	Improved technology for the teacher and pupils will support better quality teaching and learning, provide online opportunities for pupils and support good parental engagement.	11

Targeted interventions (for example, tutoring, one-to-one support structured interventions):

Budgeted cost: £44, 462

Activity	Evidence that supports this approach	Challenge number(s) addressed
Literacy Interventions - RWI Catch-Up - Fresh Start	Phonics approaches have been consistently found to be effective in supporting younger readers to master the basics of reading, with an average impact of an additional four months' progress. In line with the recommendations of EEF research, we use highly structured interventions, choose children based on accurate assessments and invest heavily in CPD and coaching to ensure there is consistency in our approach to delivering these interventions. This is across KS1 and KS2. Improving Literacy in KS1 Summary of Recommendations Improving Literacy in KS2 Summary of Recommendations	2, 3, 5, 7, 8
Mathematics Interventions - Numicon - Number Sense	In line with the recommendations of EEF research, we have trained practitioners in early years and KS1 mathematics interventions, dedicate daily time to offering these to whole classes and to targeted groups, use manipulatives to support better understanding and ensure that teaching builds on previously secured knowledge. Where children are identified as requiring additional support this is using Number Sense or Numicon which have both been evaluated as effective programmes to promote quick catch up. Improving Mathematics in EYs and KS2 Summary of Recommendations	2, 3, 6, 7

<p>Motor Skills and Handwriting Interventions</p> <ul style="list-style-type: none"> - Write from the Start - Handwriting without Tears - Speed Up - strategies suggested by OT 	<p>Support in the early years with physical development supports children’s fine and gross motor skills and their health and wellbeing outcomes. ‘On average, children who take part in physical development interventions make around five additional months progress in cognitive outcomes.’ Physical development approaches EEF</p> <p>As children progress through the school, fluent handwriting supports improved writing outcomes. Improving Literacy in KS1 Summary of Recommendations</p> <p>Improving Literacy in KS2 Summary of Recommendations</p>	<p>2, 3, 4</p>
<p>Speech and Language Interventions</p> <ul style="list-style-type: none"> - Language for Thinking - Talking Partners - Lego Therapy - Strategies suggested by SALT - SALT therapist 	<p>Overall, studies of oral language interventions consistently show a positive impact on learning, including on oral language skills and reading comprehension. On average, pupils who participate in oral language interventions make approximately five months’ additional progress over the course of a year.</p>	<p>2, 3, 5, 7</p>
<p>Nurture and Mental Health Interventions</p> <ul style="list-style-type: none"> - Thrive - Sunshine Circles - Socially Speaking - Drawing and Talking Therapy - MHST sessions - Play Therapist - Art Therapist - Mentoring Plus 	<p>The average impact of successful SEL interventions is an additional four months’ progress over the course of a year</p> <p>Evidence suggests that, on average, behaviour interventions can produce moderate improvements in academic performance along with a decrease in problematic behaviours. The average impact of behaviour interventions is four additional months’ progress over the course of a year.</p>	<p>1, 2, 3, 8, 9, 10</p>
<p>Memory Interventions</p> <ul style="list-style-type: none"> - Mastering Memory 	<p>Small group interventions to improve working memory can have a positive impact on overall academic progress of up to 3 months.</p>	<p>3, 4, 5, 6, 7, 8</p>
<p>EAL Interventions</p> <ul style="list-style-type: none"> - Racing to English 	<p>It is essential that we support children newly arrived to the country or those for whom English is an Additional Language as <i>‘there is considerable research evidence from England showing that a student’s fluency in English is a key predictor of their achievement in national tests at age 11 (e.g. Strand & Demie, 2005) and in public examinations at age 16 (e.g. Demie & Strand, 2006)’</i> EAL and Educational Achievement in England</p> <p>Our intervention will support children to improve their proficiency in English and therefore will support their overall academic achievements.</p>	<p>3, 4, 5, 6, 7</p>

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £18, 773

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Support for Attendance, Behaviour and Attitudes towards Learning</p> <ul style="list-style-type: none"> - Breakfast Club places - Rainbow Room - EWO - Assertive Mentoring - free jumper when starting school for first time - 5 items annually of second hand uniform - PSJ Steps to Success - PSJ Core Routines 	<p>Assertive Mentoring combines improving a pupil's self-regulation with parental feedback and engagement.</p> <p>Helping children to improve their metacognition and self-regulation is seen to have a high impact for very low cost (+7 months). Assertive Mentoring is designed to help children to reflect on how they learn, how they behave and how motivated they are.</p> <p>The average impact of the Parental engagement approaches is about an additional four months' progress over a year. There are also higher impacts for pupils with low prior attainment.</p> <p>DFE Working Together to Improve School Attendance</p>	<p>All but especially 1, 8, 9 & 10</p>
<p>Support to access Extra-Curricular opportunities</p> <ul style="list-style-type: none"> - priority in school clubs - subsidised music lessons <p>Financial support to access cultural capital opportunities</p> <ul style="list-style-type: none"> - free Y6 SATs study book - 25% subsidy for school trips - 25% subsidy for Y4 camp - 25% subsidy for Y6 camp - 25% subsidy for chargeable activities - Book Boxes (tbc for 2024) 	<p>Successful schools use a wider range of strategies, including school trips.</p> <p>The research found that high-performing schools, both inside and outside of London, used a broader range of strategies to support disadvantaged pupils than lower-performing schools.</p> <p>Successful strategies for supporting children from poorer backgrounds included subsidising trips and extracurricular activities, and directing resources towards the early years and foundation stage.</p> <p>Book Boxes go above and beyond to encourage reading for pleasure.</p>	<p>All but especially 10 & 11</p>

TOTAL BUDGETED COST: £149, 865

Part B: Review of outcomes (2022-2023)

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Intended outcome	Success criteria	2022-23 Outcomes	Review
Improved oral language skills and vocabulary among disadvantaged pupils.	<p>Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.</p> <p>Disadvantaged pupils in the Early Years reach a Good Level of Development in Communication and Language.</p>	<p>86% of Rec pupils achieved ARE in Listening, Attention and Understanding and 84% achieved ARE in Speaking.</p> <p>All children on the waiting list for SALT assessments during 2022-23 have now been assessed and targets set where appropriate.</p> <p>Staff CPD- high focus on language development and vocabulary.</p> <p>PP/ Curriculum book scrutiny and lesson observations.</p>	<p>Continue to ensure that children with SALT needs are identified early.</p> <p>Continued emphasis on high quality vocabulary in lessons and high expectations in their use of it.</p> <p>Continued staff training and CPD.</p> <p>QLA on NFER tests to look at vocabulary, SPAG etc.</p>
Improved phonics attainment among disadvantaged pupils.	85% or more of Y1 non-SEND PP pupils attain Phonics Screening Check threshold	Overall, 77% of children passed the Y1 phonics check. 60% of PP children passed.	Y2 catch up intervention for children who didn't pass.
Improved reading progress and attainment among disadvantaged pupils.	PP children make accelerated progress in reading in all year-groups relative to their peers, closing attainment gap to within 10 percentage points in every year-group	In Year 3 and Year 4, PP pupils made accelerated progress in reading relative to their peers, closing the attainment gap to within 10 percentage points in every year-group. In Reception, the difference between PP and non PP in relation to GLD, was 11%.	<p>Focus on Y5, Y2 and Y1 PP in reading interventions.</p> <p>Continue to focus on PP with bottom 20% readers.</p> <p>Use of Fresh Start materials for KS2.</p>
Improved writing progress and attainment among disadvantaged pupils.	PP children make accelerated progress in writing in all year-groups relative to	Writing continues to be an area of weakness for PP pupils across all year groups.	High priority for staff CPD, assessment tasks, use of Write Stuff, interventions, moderation, lesson

	<p>their peers, closing attainment gap to within 10 percentage points in every year-group</p>	<p>In Reception, the difference between PP and non PP in relation to GLD, was 11%.</p>	<p>observations and book scrutiny. Consider other writing intervention programmes.</p>
<p>Improved maths attainment for disadvantaged pupils at the end of KS2.</p>	<p>PP children make accelerated progress in mathematics in all year-groups relative to their peers, closing attainment gap to within 10 percentage points in every year-group</p>	<p>Maths continues to be an area of weakness for PP pupils across all year groups, except Y4.</p> <p>In Reception, the difference between PP and non PP in relation to GLD, was 11%.</p>	<p>High priority for staff CPD, assessment tasks, interventions, moderation, lesson observations and book scrutiny. Introduction of Number Sense in class and as an intervention programme. Monitor use of concrete resources in classes.</p>
<p>Improved retention, recall and response to learning for all pupils, especially those who are disadvantaged, closes knowledge gaps.</p>	<p>Assessments and observations indicate significantly improved retention, recall and response to learning in wider curriculum areas among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny, pupil conferencing and ongoing formative assessment.</p>	<p>Structure of all curriculum lessons includes opportunities for retention, recall and response to learning. Evidenced through lesson observations, drop ins, book scrutiny, planning scrutiny, pupil conferencing and ongoing formative assessment.</p>	<p>Ensure that there is appropriate adaptation and scaffolding in place, to ensure that PP pupils can access the opportunities for retention, recall and response to learning in class.</p>
<p>To achieve and sustain improved social and emotional wellbeing for all pupils in our school, particularly our disadvantaged pupils.</p>	<p>Sustained high levels of wellbeing demonstrated by:</p> <ul style="list-style-type: none"> • qualitative data from student voice, student and parent surveys and teacher observations • a significant reduction in behaviour incidents • a significant increase in participation in enrichment activities, 	<p>School has a full time pastoral support mentor, to ensure that all children can access support as needed.</p> <p>Reduction in number of behaviour incidents and fixed term exclusions.</p> <p>All PP children prioritised for nurture/ Thrive sessions.</p> <p>All PP children prioritised for school clubs and sporting events.</p>	<p>Continue to fund a full time pastoral support mentor in school.</p> <p>Continue to ensure that opportunities are given to PP pupils, to support their social and emotional wellbeing.</p> <p>Priority to PP for Mentoring Plus in Y5/6.</p>

	particularly among disadvantaged pupils	Introduction of lunchtime clubs to support pupil engagement. Priority given to PP for MHST referrals.	
PP children with identified SEN needs receive appropriate support and assessments.	Accurate referrals and targeted interventions/signposting to other services is achieved.	High number of referrals made to outside agencies for pupils with PP and SEND. PP and SEND remain high priority for all interventions. Number of PP with identified SEND has increased during the year.	Continue to ensure early identification of needs to ensure that referrals and targeted interventions/signposting to other services is achieved. Continue to use checklists and internal referral forms.
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	Attendance for disadvantaged children is at least in line with school average.	While attendance for PP pupils is slightly lower than the school averages, it does not fall below 90% in any year group.	Continue to monitor and support our PP pupils to attend school regularly. Maintain good links with attendance officers in the MAT and LA.
PP children are able to access the full range of inspirational clubs and trips on offer to them	Children have participated in, and can talk enthusiastically about, their extra curricular clubs and academic trips.	All PP children prioritised for school clubs and sporting events. Subsidies given for all trips and visits for PP pupils.	25% subsidy for all trips and visits from September. Monitor provision and range of clubs offered to ensure interest by PP pupils.

Externally provided programmes:

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England
